

# Your Vote Determines Montana's Energy Future

---

**This fall, there's a seat up for election on the Montana Public Service Commission (PSC) in your district.**

The PSC determines the future of Montana's energy mix, including coal, solar, and wind, and many issues that affect the affordability of energy and the hard-working Montanan families.

**Vote on Election Day, Nov. 5, 2024**

**Early In-Person Absentee Voting is available until Nov. 4 at 12pm**

**For more information, visit: [votemt.gov](https://votemt.gov)**

# When you vote, make sure to complete your whole ballot—vote for the Montana Public Service Commission!

The PSC has the power to set utility rates—like the 28% rate increase in recent years for NorthWestern Energy ratepayers.

Your community is counting on you to vote all the way down the ticket. Races like the Public Service Commission have a more direct impact on your daily life than many top-of-the-ticket elections. **The last time your commission seat was up for reelection—2020—97.3% of Montanans voted their full ballot.**

**This election, join their number and make a difference in your community.**

**Vote on  
Election Day,  
Nov. 5, 2024**

**Early In-Person  
Absentee Voting**  
is available until Nov. 4 at 12pm
