

Our Kids Are NOT Just a Number

Don't let the MCAS Standardized Test treat them like one!

YES **2**
ON

High Standards, Not High Stakes

Our Kids Are More Than Just a Test Score

Vote **YES ON 2**

for High Standards, not High Stakes

WHAT WILL VOTING YES ON 2 DO FOR OUR STUDENTS?

- a. Allow teachers to stop teaching to the test and instead **focus on helping students learn in the way that's best for them**, allowing them to thrive as individuals.
- b. **Maintain high education standards** while reducing the high stakes put on one test, making sure a student's ability to graduate doesn't depend solely on the one-size-fits-all MCAS.
- c. **Reduce anxiety and stress for students**, allowing them to focus on developing essential critical thinking, rather than just practicing test-taking skills for a single high-stakes exam.
- d. **All of the above.**

In Massachusetts, even if a child's teacher, grades, and coursework prove they're ready for future success, our kids must pass the MCAS standardized test to receive their diploma. **This gives too much power to one standardized test and forces teachers to teach to that test.**
