SHERROD BROWN STANDS FOR AMERICAN-MADE

Senator Sherrod Brown is fighting to put American workers first by making sure our tax dollars support American jobs, not foreign factories. That's why he passed the All-American Flag Act, requiring all federal government flags to be made in the USA. This law puts a stop to the unfair practice of importing cheap flags from China, keeping millions of dollars in America and supporting American manufacturing. Sherrod Brown knows that a strong economy means good-paying jobs for American families, and he's working to keep those jobs right here at home.

OCTOBER 2024

ISSUE REPORT:

LEVELING THE PLAYING FIELD TO PROTECT OHIO JOBS

Ohio workers deserve a fair shot. We shouldn't have to compete with countries like China that cheat the system. That's why Senator Sherrod Brown is fighting for trade policies that put Ohio jobs first and hold China accountable for their unfair practices. We need to level the playing field so American workers can thrive, not just survive.

Here at *In Union*, we fight for working families and hold our leaders accountable. This month, we're exploring how Senator Sherrod Brown is standing up for Ohio jobs by taking on unfair trade deals, stopping outsourcing, and supporting American manufacturing.

SENATOR SHERROD BROWN: INVESTING IN AMERICA AND CREATING GOOD-PAYING JOBS

TEAMING UP WITH REPUBLICANS TO FIGHT UNFAIR TRADE AND PROTECT OHIO JOBS

Working across the aisle, Senator Brown teamed up with Republican Senator Todd Young to introduce legislation that would protect Ohio jobs and level the playing field for American workers. The bipartisan Leveling the Playing Field 2.0 Act would give the Commerce Department the power to crack down on unfair trade practices and ensure we enforce the agreements we've made.

REBUILDING OHIO'S INFRASTRUCTURE AND BUYING AMERICAN

Senator Sherrod Brown fought hard to pass the **Bipartisan Infrastructure Law**, which is already bringing over \$11 billion to Ohio to fix our crumbling roads and bridges, upgrade our public transportation, and create good-paying jobs right here at home.

Senator Brown stood up for American workers by making sure the infrastructure law uses American-made products, keeping our money here at home and supporting good-paying jobs in communities across the country.

REVITALIZING OHIO MANUFACTURING

Senator Brown is fighting for Ohio jobs and bringing manufacturing back to our state.

He's been on the front lines, working hard to make sure Ohio families have good-paying jobs and opportunities to succeed.

Senator Brown is bringing good-paying jobs back to Ohio. He helped pass the CHIPS and Science Act, which is bringing Intel to New Albany and creating tens of thousands of new jobs in our state. Thanks to Senator Brown, Ohio is leading the way in bringing manufacturing back to America.

Senator Brown understands that our national security starts at home, which is why he took on China and Russia to protect American jobs and technology. He helped pass the Outbound Investment Transparency Act with bipartisan support in the Senate, giving us the tools to stop foreign adversaries from getting their hands on our sensitive technology.

UNION WORKERS CRITICIZE U.S. SENATE CANDIDATE BERNIE MORENO

"As far as Bernie Moreno, I only know what I've read... it's my understanding that he screwed over some of his employees. He's always been for himself and for rich people, the difference is Sherrod Brown's always been for the working class and stood up for unions."

Actions speak louder than words, and Bernie Moreno has shown time and time again that he'll put profits over American workers.

■ **Bernie Moreno is trying to hide his past. He was sued for not paying his workers fair wages and even tried to cover it up by destroying records.** A court found him liable for stealing hundreds of thousands of dollars in overtime wages from his employees. Ohioans deserve a Senator who will fight for hardworking families, not someone who puts their own profits ahead of fair wages.

■ **Despite claiming for years that he refused to do so, Moreno sold Chinese-made SUVs from his dealership.** Moreno's business decisions hurt working families. He would rather make a profit than stand by his principles.
