

“

Our property taxes are already sky-high. We can't afford to pay for two school systems—one private, one public—when we already struggle to fund the one most children attend. Our tax dollars should support our public schools, not private schools.

**That's why we're voting REPEAL on Measure 435.”**

# Keep Public Funds in Public Schools

On Measure 435, vote to **REPEAL** a bill passed by the Nebraska Legislature that puts our public schools at risk. This dangerous legislation:

- ✗ Diverts \$100 million over ten years in public funds to unregulated private schools, which aren't held to the same accountability and transparency standards as public schools.
- ✗ Will force communities to increase our already-high property taxes to make up for the lost public school funding.
- ✗ Reduces essential funding for public schools, leading to crowded classrooms, lower teacher pay, and fewer resources.
