

It's our future,
& our freedoms are on the line.

In 2022, young voters in Michigan turned out at a higher rate than anywhere else in the country. We protected reproductive freedom, expanded voting rights, and took a stand against extremism. In 2024, the stakes are even higher.

A vote for Vice President Kamala Harris is a vote to:

- **Protect reproductive freedom.** Harris will restore our reproductive rights, which Trump's Supreme Court appointees took away by overturning *Roe v. Wade*. Trump's Project 2025 contains plans to ban reproductive healthcare—including birth control.
- **Lower housing costs.** She'll take on corporate landlords and push to build 3 million new housing units. We deserve to buy a home, build wealth, and have the choice to start a family, just like every generation has been able to do before now.
- **Keep costs down.** Harris will make the economy work for regular people, not billionaires and powerful interests that rig the system. She'll build an opportunity economy where everyone has a chance to succeed—whether they live in a rural area, small town, or big city.

On November 5, our future and our freedoms are on the line.

We need a Senator who will fight for us.

Vote Democrat Elissa Slotkin
