

WISCONSIN VOTER GUIDE

**The future is ours to
define—and defend.**

**We need to elect leaders we can work with to build
our future, and the choice is clear.**

Kamala Harris	Our Priorities	Donald Trump
Will codify the right to an abortion and expand access to reproductive healthcare ¹	Reproductive Freedom	Facilitated the reversal of <i>Roe v. Wade</i> , and his Project 2025 advisors plan to ban abortion and restrict access to birth control ⁴
Will protect and expand the Affordable Care Act so everyone can afford healthcare ²	Healthcare for All	Tried (and failed) to repeal the ACA, and has no plan to replace it ⁵
Will make life more affordable by cutting taxes for working families, banning price gouging on groceries, and building new affordable housing ³	Economic Opportunity	Would extend the 2017 tax cuts for billionaires that hurt working families, and his extreme tariff proposal would amount to a massive sales tax on everything we buy ⁶

On November 5, vote to protect our future.

Our Future Is On the Line

Wisconsinites need a proven ally in the U.S. Senate.

DEMOCRAT
Tammy Baldwin...

- **Defended manufacturing jobs** and stands up for unions, farmers, and cheesemakers¹
- **Wrote the Women's Health Protection Act** to guarantee equal access to abortion nationwide²
- **Stood up to Big Pharma** and helped pass legislation to lower drug prices³

REPUBLICAN
Eric Hovde...

- **Would cut taxes for wealthy corporations**, and as CEO of Sunwest Bank, reaped millions from Trump's 2017 tax bill⁴
- **Opposes transgender rights**, wants to ban abortion after 12 weeks, and has previously said that he's "totally opposed to abortion"⁵
- **Called the IRA**, which helped secure lower drug prices and cap the cost of insulin, a "big, ugly bill"⁶
